

CONCORDIA COLLEGE MOORHEAD MINNESOTA

Study in America Information Exchange Agreement Information

Hedmark University College has an exchange agreement with Concordia College in Moorhead, Minnesota, USA. Students from Hedmark can easily go to Concordia College to study for one year as part of their degree plan at Hedmark.

Concordia College offers top-quality education at a reasonable cost. The campus is safe and friendly and has active international programs. Concordia offers degrees in more than 78 majors and preprofessional programs, and so the class selection is quite vast. Classes at Concordia are typically small and students enjoy personal attention from their professors.

Financial assistance for study at Concordia is generous. Students receive assistance from Concordia College and from Lånkassen. The King Olav V scholarship from Concordia is US\$10,000, and estimated assistance from Lånkassen is NOK 206,640 (about US \$ 37,300). The available assistance exceeds the estimated cost by more than \$11,000.

Students who are eager to become responsibly engaged with the world and are above average academically with an open approach and intellectual curiosity should consider applying to Concordia.

Here is what some Hedmark students who recently attended had to say:

Som internasjonal student blir du tatt veldig godt imot, slik at du kommer raskt inn i miljøet både faglig og sosialt.

Skolen er annerledes organisert enn hva som er vanlig i Norge. Klassene er små, med 15 til 40 studenter i hver. Oppfølgingen av hver enkelt student blir derfor gjort veldig nøye, og en føler seg ikke anonym.

Professorene er veldig engasjert i fagene de underviser i og gjør mye for at alle skal trives og kunne være aktivt med i det som skjer.

Noen av språkproblemene vi møtte i begynnelsen var ingen hindring, siden både professorer og andre studenter var forståelsesfulle og lot oss få tid og mulighet til å forklare oss.

Skolen er som et lite samfunn, hvor de fleste bor og oppholder seg. Det er mange aktiviteter gjennom skoleåret som er gratis for studenter som f.eks. konserter, stand-up, teaterforestillinger, idrettsarrangementer etc.

MOORHEAD MINNESOTA

From a Hedmark Music Student who recently studied at Concordia:

To go to another country, meet with a different culture and speak another language is not always easy. If you decide to be a part of Concordia College's music program it's definitely worth it.

The music program at Concordia College is amazing. The faculty members all either compose, conduct or perform regularly. They give recitals just as the students have to do during their four years at Concordia.

All performances with the ensembles on campus are being recorded so you'll have memories to take home with you. Through all the music organizations you are guaranteed to make friends for life.

Music is and will always be an international language and is the best area to communicate with people from another culture.

Here are the financial details for the coming year:

Assistance	Estimated 2009-10
Concordia College King Olav V Grant	\$10,000
